Summary

Skilled and motivated React Developer with expertise in React, TypeScript, and Node.js. Proven success in delivering high-quality, scalable web and Android applications. Adept at creating user-friendly and visually appealing interfaces with a strong design background. Thrives in dynamic environments, working independently or collaboratively, while staying committed to continuous learning and the latest industry trends.

Experience

- Jun 2023 – Present Egypt, Cairo
Founder
Camelz
Established a startup delivering innovative business solutions and managing branding, development, financial planning, and project management. Achieved 100% market growth through full-stack cross-platform applications for startups and established businesses. Delivered end-to-end solutions for diverse clients, consistently meeting tight deadlines and exceeding expectations.
- Jun 2024 – Oct 2024 Saudi Arabia
React Developer
REFD
Modernized REFD's React frontend to align with market standards, improving user experience and performance. Collaborated with the team to enhance frontend features and backend API functionality, increasing platform efficiency. Reduced response times by 15% through optimized code and best practices.
- Nov 2019 – Feb 2024 Saudi Arabia
Fullstack Developer
NileDevs.
Developed over 20 high-performance Android applications, focusing on scalability and seamless user experiences. Designed and launched top-tier websites and applications for leading companies in the Middle East, ensuring client satisfaction. Mentored junior developers, fostering a culture of continuous learning and improvement.
- Aug 2021 – Jan 2024 Saudi Arabia
Fullstack Developer
Techworld-IT
Partnered with business owners to craft visually appealing and user-centered designs, improving engagement and usability. Delivered cross-platform applications tailored to diverse industries, meeting client specifications and deadlines. Utilized emerging tools like JAMstack to enhance application performance and reliability.
- Feb 2021 – Feb 2023 Spain
Product Designer
Parallava
Designed over 50 award-winning cosmetics products, successfully launching them to market. Created innovative, market-leading designs, emphasizing usability and brand impact.
